Howard Rhodes, a pleasant young cattleman from the Strip, is stopping at the Agency.

Mrs. Thos. A. Campbell is visiting with relatives at Hunnewell, her former residence.

J. H. Seger came in yesterday from the range. He reports stock of all kinds doing nicely.

Rev. Collins, during his visit here, delivered a very eloquent and impressive sermon at the Arapahoe school to a large audience.

Mr. Keller is erecting a large addition to his livery barn. When completed, this will be quite an improvement to the east side of the street.

C. E. Torrey, of Torrey & Son, was here circulating with his friends this week. Torrey & Son is a strong cattle firm, and W. M. Coffee is their manager.

Dr. DeBra, the new Agency physician, is a graduate of the Ohio state medical university, and has had a number of years successful practice in the city of Dayton.

Col. Windsor, of the cattle firm of Windsor & Roberts, made his first visit to the Agency this week. His firm is now holding on Preacher creek, formerly the range of Gorton Bros.

Cowboys should not fail to fit themselves out with winter underwear, shirts, clothing, overcoats, etc., before the cold weather sets in. A complete line of the above articles just received at Connell's popular Headquarters.

Geo. E. Reynolds, for many years the only trader at this place, arrived on the coach Thursday on a visit to his former stamping ground. This is his first visit since his firm sold out to Capt. T. Connell in July, '81. Mr. Reynolds was warmly greeted by his host of old friends here.

Owing to the heavy rains the mails have been a little irregular the past week. The waters are now going down, however, and the mails are again coming in and going out on time. The Cimarron, North Fork and Canadian rivers were very high, impeding travel for several days.

Choice to extra steers as high as \$4.40 per hundred means that the bulk of sales are made at about \$3.90 to \$4.10, not unsatisfactory prices for this season of the year, at a time when far west cattle are being sent forward by the thousands every day. The market is now as low or nearly as low as it can get. The prices are good, however, if past seasons are to be considered.—Texas Live-Stock Journal.

CAPT. PRATT'S VISIT.

Capt. R. H. Pratt, of the Carlisle (Pa.) Indian training school, is now visiting the various Indian Agencies of the United States gathering recruits for his school. The Captain is doing noble work in the cause of Indian education, and is full of enthusiasm and energy in carrying forward the purpose. He is very popular with the Indians, who are much pleased with the reports the children bring back from Carlisle of the treatment received at that place and the advancement made while there. It is a fact that all returned Carlisle pupils are eager to return to school again, and that they remember with pleasure their school life. Capt. Pratt arrived at this Agency last week, and met with a warm reception from everyone. He took pains in discovering the home life of returned pupils and seeing what they were doing. An entertaining and "instructive" council was held by the leading men of the tribes on Saturday, to whom Capt. Pratt delivered a strong speech urging them to push forward the education of their children in every possible manner. In reply a number of head men spoke in pleasing terms of the Captain and his school. Capt. Pratt spent several days visiting and inspecting the Agency schools while here. After gathering thirty children at this Agency, the Captain will go north to the Rosebud and Pine Ridge Agencies of Dakota to raise a delegation of Sioux children.

John D. Miles and Harvey White Shield return to Carlisle with Capt. Pratt. O. P. Morton takes John's place at herding.

We enjoyed Capt. Pratt's visit. Although expecting him for some time, he came in without warning. His talk on Sunday was impressive and interesting.

Jennie Black-Kettle and Rhoda Red-Wolf go to Carlisle. Jennie is one of our best and most advanced scholars. Carlisle will find her a very faithful girl.

Dr. Vincent, editor of the Sabbath School Journal, has tendered us a dozen copies of the Journal for another year. These books are a valuable help in our Sabbath school lesson study.

Thos. Bear-Robe and wife occupy part of the log house on Quaker hill. Thomas married Josie Bigfire, one of our school girls. She is putting into practice some of the things she learned at school.

Mr. Hadley and family started across the country to Arkansas City in a private conveyance on Thursday. Mr. Hadley takes charge of the Chilockey Indian training school located near Arkansas City. The loss for our school is gain to the above. We wish him success—his ability and experience assure it.

Large and complete fall stock of choice buck gloves, fine boots and gent's furnishing goods, just received at Connell's Headquarters.

Reports from the various ranges of the Territory concerning the condition of stock are very encouraging. Cattle are still picking up in fine shape during these cool autumn days, and, in the few herds where cattle have been dying from fever and like disease during the hot months, the mortality has ceased and the improvement is noticeable. Horse stock is also in good condition, and in every way range reports give a flattering outlook for stock wintering in good shape. Although there has been a great deal of sickness among the stockmen of a malarial nature, yet it was considerably less than the previous season, and the recent cool weather has made a decided change for the better in those out of health.

An informal reception was tendered Agent Miles and family at the residence of Capt. and Mrs. Connell on Tuesday night, the 2nd inst., a full attendance of the Agency people being present. The occasion was a farewell to Mrs. Miles and family preparatory to their leaving for their Lawrence home the succeeding day. The evening was spent socially and agreeably by all present, and, in response to an invitation, the Agent made a few appropriate and feeling remarks suitable to the occasion. After a general expression of regret and leave-taking, the company broke up at a late hour.

In company with Mr. Frank B. Worrell, we spent an evening last week very pleasantly with Rev. H. R. Voth, at the Mennonite mission. Some ancient Russia and Palestine relics brought to this country by Rev. Voth were displayed, which to say the least, were exceedingly interesting. Rev. V. also has quite a collection of books in foreign languages, besides many other valuable articles brought from his native country.

The people of the lower Canadian had a grand social dance on Thursday night, the party being given by Mr. Graham and family at Robert Curtis' ranch. A glorious time and a large attendance are reported by those present, and in every way the occasion was a success. Good music and refreshments in abundance added much to the enjoyment of all present.
